

Parents Connection

Message from the Dean

Dear Harvard College Parents and Guardians,

As I communicated to you last week, the prevalence of sexual assault represents a deeply troubling issue for the Harvard College community. However, I wanted to share with you

that in the wake of the results of the Association of American Universities sexual assault survey, this community — your students, our faculty and staff, have come together to begin a thoughtful conversation and to begin to develop approaches to address this serious problem before us. I have been humbled by the way your student — and this community — has reaffirmed our commitment to one another, while finding new ways to ensure Harvard is a place where everyone feels safe, and where students can work, study, and thrive.

Warmly

Rakesh Khurana

Danoff Dean of Harvard College
