WELCOME FAMILIES
Thank you for joining us for Junior Family Weekend. Over the next two days, as you spend time on campus, you will have the opportunity to glimpse the transformative power of Harvard College that our students experience each and every day. The opportunity to visit classes and engage in discussions with faculty members will offer you a sense of where the intellectual transformation begins for our students. At the same time, sampling Harvard’s extracurricular life through sporting events, creative performances and other events, will give you a feel for how our students transform socially. Hopefully, your time on campus meeting other students and their families will open a window to the rich diversity of experiences and perspectives that contribute to personal transformation for our students. And finally, by attending receptions and lunch in the residential houses, we invite you to experience Harvard’s unique house life where the College community comes together in ways that support all three aspects of transformation of our students – social, personal and intellectual. We hope you have a chance to take advantage of all of these opportunities and we wish you a memorable weekend.
